

Cycle with Friends – The Otago Central Rail Trail

- Day One** You will be picked up from Queenstown and transported to Clyde. Collect your Cycle Surgery Hire Bikes and have a ride around Clyde before settling into your accommodation for the night.
- Day Two** Cycle 37km from Clyde to Omakau, approximately 5 hours cycling. Enjoy lunch at the Chatto Creek Tavern before cycling up Tiger Hill (the steepest climb on the Rail Trail – just remember it is not that steep – trains used to go up it!). It is then downhill into Omakau.
- Day Three** Today you will cycle through one of the most picturesque sections of the Rail Trail - The Poolburn Gorge. Make sure you carry plenty of snacks and water today. Today you will cycle 29km from Omakau to Oturehua.
- Day Four** Today you will cycle 25km from Oturehua to Ranfurly. You will cycle past the highest point on the Rail Trail – downhill from here! Make sure when you are in Ranfurly to visit the Ranfurly I-Site and sit in the Railway Carriage and watch the DVD on the Otago Central Rail Trail.
- Day Five** You will cycle 32km from Ranfurly to Hyde. This includes another picturesque section through the Upper Taieri Gorge.
- Day Six** From Hyde you will cycle through the heart of the Strath Taieri Valley to Middlemarch. Celebrate cycling 152km in Middlemarch before heading to Dunedin or alternatively back to Queenstown
- Cost Family** **\$3255.00 – Family of 4**
\$4045.00 Family of 5
Please note the cost is approximate and is subject to availability
